DIMENSION	L 310 mm x B 6 mm x H 39,50 mm
WEIGHT NET	0,118 kg
MATERIAL	Stainless steel
EAN-CODE	9120045478082

DESCRIPTION

The CB 260 wall mount is a practical accessory for the CB 260 Cable Box (single wire unwinding system), which offers a wide range of options for efficient cable storage. With the wall mount rails, the boxes can be stacked floor-free, saving valuable space. Large cable management racks can be fixed or secured using the wall mount rails. The wall mount is made of robust stainless steel and is used for mounting and securing on walls or in vehicles. The CB 260 Cable Boxes can simply be hooked into the wall mount. Each bracket rail is designed to support up to 5 boxes vertically, which corresponds to a total load of approx. 25 kg. For a larger capacity, the rails can be mounted next to each other, the distance required for mounting is already specified in the wall mount rails (see mounting instructions). This wall mount is the ideal solution for securing and fixing the CB 260 Cable Boxes for neat and efficient cable management.

Scope of supply: 1 x Wall mount CB 260
